Advertising

Increase your visibility even further

SAF's Leading Publication, *The Forestry Source*

The July, August, and September issues of *The Forestry Source* will provide ideal opportunities to advertise your presence at the 2009 National Convention prior to the event. The October issue will be distributed at the convention. *The Forestry Source*, the leading forestry newspaper in the United States, is published 12 times per year and is sent to more than 14,000 members of the Society of American Foresters. *The Forestry Source* contains the latest news about critical issues in forestry and land management and prepares readers to address current issues and challenges facing forest resource management. We will strip in your booth number either above or below your ad in *The Forestry Source*. (ie, See Us at the SAF National Convention Booth ###)

Purchase Pre and Post Convention Attendee Lists – \$300 Each

Pre: Promote your presence at the National Convention with the convention attendee list. A list of those attendees that have registered within three weeks prior to Convention will be available in an Excel document with names and mailing addresses only.

Post: Take advantage of this opportunity to follow up with convention attendees. A complete list of all attendees will be provided as an Excel document with names and mailing addresses only.

Online Banner Advertising

Advertise on the SAF website, which receives more than 50,000 viewing sessions per month. Banner ads rotate among the 10 most visited pages of the SAF website. Your banner ad can run for a full year or six months. The banner ads provide direct links to your company or organization so you can promote your products and services, as well as your presence at the upcoming 2009 National Convention.

Onsite Convention Advertising

Attendee Bag Insert — \$500

Ensure your visibility by including your promotional literature, logo'd giveaways, or samples in each attendee bag. Materials must be received at SAF office no later than September 1, 2009.

Gobo Lighting — \$300

Originally used by designers in theatre and film, this technology has increased in popularity throughout the last few years, proving to be a strong alternative to the conventional banner. GOBO lighting allows you to display your company name or logo in lights—the way it was meant to be. Once projected, the white light displaying your logo/name will stand out above the competition. Available in the Exhibit Hall on selected outer walls of the Exhibit Hall to maximize exposure and visibility.

Onsite Convention Program

The Onsite Convention Program will be distributed to all registered attendees upon check-in at the convention. The program is an indispensable daily guide for all convention-related activities. Your advertisement in the program will generate booth traffic and highlight your presence at the meeting.
